**HOW TO CHOOSE A BRA
FOR EVERY SPORTS ACTIVITY**

NIZKA PODPORA

Odlično za pilates, barre, jogo, pohodništvo in lažje športne aktivnosti. Naš manj strukturiran kroj je idealen za udobno uporabo z mehkim občutkom skozi ves dan. Primeren za vsakodnevno uporabo in za ženske z manjšimi košaricami.

LOW SUPPORT

Great for pilates, barre, yoga, hiking and easier sports activities. Our less structured fit is ideal for comfort wear with a soft feel throughout the day. Suitable for everyday wear and for women with smaller cup size.

SREDNJA PODPORA

Odlično na primer za kolesarjenje, vadbo z utežmi, boks in druge zmerno težje športne aktivnosti. Ta super vsestranski kroj zagotavlja oporo in občutno blaži tresljaje ter ohrani maksimalno udobje.

MEDIUM SUPPORT

Great for things like cycling, weight training, boxing and more medium-difficulty sports activities. This super versatile cut provides support and minimizes shaking to maintain maximum comfort.

VISOKA PODPORA

Idealno za tek, tenis, nogomet, terenske športe in druge za gibanje zahtevne aktivnosti. Popolna uravnoteženost nadzora in udobja, ki podpira prsi, istočasno pa razbremeni ramena.

HIGH SUPPORT

Ideal for running, tennis, soccer, field sports and more physically demanding activities. The perfect balance of control and comfort to keep the breasts while taking any weight off the shoulders.
